FREDDIE BROWN FAILS TO RALLY

Following a very critical operation, announced by us last week, Freddie Brown, second son of Mr. and Mrs. George Brown, passed away at an early hour on Friday last, having failed to rally following the operation.

Freddie was not quite sixteen years of age and was a pupil of the Blairmore high school. His health had been failing him for some considerable time and of late it appeared he realized that his life was dissipated.

"Funeral took place" on Sunday afternoon and was very largely attended. Service was conducted by Rev. A. S. Partington at St. Luke's Anglican church, which was packed to overflowing by a sympathizing throng. The funeral cortege proceeded to the Union cemetery, where interment took place. Pupils of the high and public schools formed a large part of the funeral procession. Floral tributes were many and beautiful and included the following:

Gates Ajar, the family. Wreaths: Vera and Frank, Hamilton, Ontario; Head Office West Canadian Collieries Ltd.; Canadian Legion, B.E.S.L.; Mr. and Mrs. G. Steeves, Mr. and Mrs. McDonald, George and Elaine, Lethbridge; Schoolmates, Staff of Greenhill Mine, G. A. Vissac, Mr. and Mrs. L. P. Robert, Mr. and Mrs. Robert Hays and family, Mr. and Mrs. F. M. Thompson and family, Mr. and Mrs. S. Ennis and family, Mr. and Mrs. A. Ennis and family. Sprays: Mr. and Mrs. D. A. Howe and family, Mr. and Mrs. P. Chardon and Madeleine, Mr. and Mrs. A. R. Granger, Mrs. S. McKay, Alex. Alfred and Tommy; Orpheum Theatre, Mr. and Mrs. E. A. Harper, Mr. and Mrs. M. G. Rhynas, W. Goddard, Mr. and Mrs. D. Emery, Mrs. D. Fraser, Lena and Bill; John Jenkins, Mr. and Mrs. J. R. Smith, Mr. and Mrs. F. Keer, Mr. and Mrs. Harold Pinkney, Mr. and Mrs. H. M. Bennett, Mr. and Mrs. L. Dunkley, G. Sangster, Dominic Pasquaglia, Mr. and Mrs. C. Thomson and family, Mr. and Mrs. Harvey Carmichael and Margaret, Mr. and Mrs. W. G. Pearson, Mr. and Mrs. J. A. Kerr, Mr. and Mrs. R. Green, Mr. and Mrs. Hugh S. Manson, Mr. and Mrs. T. Hills and George, Mr. and Mrs. J. Rudd and Sidney, The Chappell Children, Tom and Laura Gale, W. J. Fisher, Mr. and Mrs. W. Oakes and family, Mr. and Mrs. O. Capron and Mr. and Mrs. N. Bonneau, Mr. and Mrs. A. Grant, C. J. Tompkins and family, James Warner and family, Mr. and Mrs. Bert Sennier, Mr. and Mrs. T. Campbell and Mrs. Maclin, Mr. and Mrs. H. H. Griesbach, Staff of F. M. Thompson Co.'s Main Store, Mr. and Mrs. J. W. Gresham, Mr. and Mrs. W. L. Evans, Mr. and Mrs. J. McPhail and family, Mr. and Mrs. J. Pilford and family, Mr. and Mrs. R. Smallwood (Calgary), Mr. and Mrs. D. Kemp and family, Mrs. F. M. Pinkney and Roland, Mr. and Mrs. J. Wolstenholme and Granny.

The sincere sympathy of the entire community is extended to the bereaved parents, sisters (Amy, Freda, Vera and Rita) and brothers (George and Alfred).

WELSH MINER CAVE-IN VICTIM

A miner named Albert John Cross was buried by a fall of coal in the Byron Creek mine of the Hillcrest Collieries on Tuesday night, the body being recovered at a late hour yesterday.

Funeral will take place at Hillcrest on Saturday afternoon, under auspices of Turtle Mountain Lodge of the Knights of Pythias, into which organization he was but recently initiated. He was thirty-seven years of age.

The salary of Fernie's chief of police has been cut \$25.00 a month.

COUNCILOR PERISSINI IS "MINISTER OF FINANCE"

The first regular meeting of the new 1931 Town Council was held on Tuesday night, when the newly-elected members, William Oakes, William McVey and R. Fumagalli were duly sworn into office by Commissioner Kelly.

Following this ceremony, Mayor Farmer introduced the following slate of committees, which was upon motion approved:

Finance—Perissini, Morgan, Fumagalli.
Works—McVey, Beebe, Morgan.
Light—Morgan, Fumagalli, Oakes.
Water—Fumagalli, McVey, Oakes.
Relief—Beebe, McVey, Perissini.
Police—Oakes, Beebe, Perissini.
The first named in each case to be chairman.

The minutes of previous regular meeting were adopted as read, as was also the report of the secretary covering the municipal elections.

Residents of State Street east asked that a light be placed at a point near the blind end of Eleventh Avenue. Council promised to look into the matter.

A grant of \$100 was made toward the 1931 Crows' Nest Pass Musical Festival.

The matter of rates for light and water to church properties came up for consideration, and it was decided that churches proper be granted free light and water, all other properties to be subject to current rates.

A communication was received from the city of Winnipeg, requesting endorsement of a petition to the federal government, asking that the day following Christmas Day—December 26th—be made a statutory holiday. Council decided unanimously to endorse the proposition.

The following were chosen deputy mayors for the four quarters of 1931: W. A. Beebe, January, February and March; W. McVey, April, May and June; Evan Morgan, July, August and September; R. Perissini, October, November and December.

DEATH OF BATISTE SERIANDI

At an early hour yesterday, death claimed another of the pioneers of Blairmore in the person of Batiste Seriani, an Italian, aged seventy-five.

Mr. Seriani was taken ill on Thursday last, and when discovered at his shack on Friday morning and examined by the doctor, it was found he had contracted pneumonia. He was immediately removed to the hospital, where all possible was done him, but his time had come.

He is survived by his wife and one daughter, residing in Fernie.

Funeral took place this forenoon from the Ferguson undertaking parlor, and interment was made in the Catholic cemetery, following service at St. Anne's church.

The Scot swallowed his drink and said: "Well, I think I'll bait ma hook noo!"

WORLD HAPPENINGS BRIEFLY TOLD

Carylon Bellairs, Conservative, handed Prime Minister Ramsay MacDonald an affidavit, asserting there were 652,200 prisoners working in Soviet lumber camps last May.

Lumber and pulpwood from four localities of Russia have been barred from the United States by the treasury unless the shippers can prove they are not produced by convict labor.

Vicount Willingdon, who in April will become Viceroy of India in succession to Lord Irwin, has been designated an earl by the king. Lord Willingdon retired as governor-general of Canada to take up his new post.

Bermuda's legislative council voted 6 to 2 against a measure which would permit physicians to use automobiles on island. Bermuda has been designated an earl by the king. Lord Willingdon retired as governor-general of Canada to take up his new post.

The entire squadron of eleven Italian seaplanes, which reached Brazil after a trans-Atlantic flight from Rome and Portuguese Guinea, has been sold to the Brazilian government. The price was \$70,000 lire (about \$43,500) for each plane.

Soviet Russia will participate in the work of the commission studying plans for a European Federation, the government notified the League of Nations, but reserves the right to define its attitude towards the commission at a later date.

Replying to a question in the British House of Commons, Walter Robert Smith, parliamentary secretary to the Board of Trade, said the total quantity of wheat imported by the United Kingdom registered from Russia in 1930, was nearly 35,466,000 bushels.

Holograph Wills

Now Legal in Saskatchewan To Make Will Without Presence Of Witnesses

It will be legal in future for any person in Saskatchewan to make a holograph will, that is, a will wholly in his or her own handwriting and without the presence of witnesses being required.

This important change in the law of wills was made in the legislature only after a strenuous fight when the new Wills Act was in committee stage. In the end a standing vote was called, the members dividing 21 to 20 against a motion by T. C. Davis, K.C., Liberal member for Prince Albert and former attorney-general, that this particular clause should be struck out.

Canada's Low-Priced Power

No Limit To Possibilities For Industrial Expansion

The World Power Conference in which forty-eight different countries are represented meets at stated times in the various capitals of the world to discuss power problems. These periodical meetings at which Canada takes a leading part afford an unrivalled opportunity to demonstrate to the world at large the position Canada occupies as a land of low-priced power with unlimited possibilities for industrial expansion.

Land Area Changes Constantly

Government Surveys Show Earth Is Very Restless

The land area of the world is constantly going places, folding and unfolding and behaving, after a fashion, like a restless person.

For instance, the Lake Superior region is slowly tilting southward; Southern Denmark is sinking; the Baltic coasts of Sweden and Russia are lifting; islands rise and disappear in the volcanic South Pacific Ocean; rivers carry countless tons of material to the sea, but land still exists.

Furthermore, Point Puyes light-house, just above the Golden Gate of San Francisco Bay, has moved 10 feet north in 30 years, according to Government surveys; Point Arena is seven feet south of its former location, and the position of Mt. Hamilton, the site of Lick Observatory, has changed nearly five feet southeast.

Canada's Wheat Yield

Total Yield For 1930 Placed At 897,873,000 Bushels

In a final estimate of the wheat production of Canada in 1930, the Canadian Government Bureau of Statistics places the total yield at 897,873,000 bushels, an increase of over 2,000,000 bushels compared with the previous estimate. Of the total yield, 374,500,000 bushels were produced in the three Prairie Provinces, Manitoba produced 45,278,000 bushels; Saskatchewan, 196,322,000, and Alberta, 132,900,000. In other grains these three provinces also produced 254,011,000 bushels of oats; 109,495,000 bushels of barley; 20,641,000 bushels of rye and 4,293,000 bushels of flaxseed.

Three Questions For

Germany To Answer

And Which Could Very Well Be Asked All Nations

Viccount Cecil of Chelwood, British delegate to the League of Nations preparatory disarmament commission in Geneva recently, put three questions on peace and war to the German people in the newspaper "Boersen Courier." They were:

"Are you willing to let your young sons, now attending school or playing at home, get killed or mutilated in a coming war because several nations fight out their rivalry with weapons?"

"Secondly, are you satisfied that the nations spend over \$10,000,000 daily for armaments while at the same time millions of families sink into deep poverty and unemployment, and simultaneously institutions of social, religious and educational character suffer enormously?"

"Thirdly, are you willing to see to it that international disputes are settled by your government in a peaceful way, that your government adhere to a policy of co-operation in the interest of all nations, and that money will not be senselessly wasted?"

Aerial Progress in North

Extension Of Transport Facilities By Fleet Of Planes

One of the outstanding developments in the North is the progress being made in aerial transportation. With the inauguration of the air mail service; the extension of transport facilities by the fleets of planes of the three mineral companies operating in the Northwest Territories; moving prospectors and supplies to different fields; and the increasingly important part played by the Royal Canadian Air Force in aerial surveying and transporting government officials and supplies, the aeroplane in the North has become a common means of travel. In one day recently as many as twelve planes were seen at one of the posts along the Mackenzie River system.

Publishers Take Notice

Success has been defined as the result of the ability to be careful about little things. In no case is this more true than in the publishing of a newspaper, or the handling of a printing business.

Explanations and Comments

The Great Missionary, verse 1.—It came to pass soon afterwards—Luke writes—"I have suffered long from acid stomach and constipation, but since being advised to try your wonderful Carter's Little Liver Pills I began to feel the benefit after almost the first dose. I can now honestly say that I can eat anything and enjoy my food knowing that I will not suffer any disagreeable after effects."

Take Carter's Little Liver Pills for sick headache, biliousness and constipation. They act as a tonic. All druggists 25¢ and 50¢ per box.

The Ministry Of Women, verses 2, 3.—Certain women whom Jesus had healed also joined the company, and among them was Mary Magdalene, probably so called because she was from Magdala, a village on the western shore of the Sea of Galilee, and to distinguish her from other Marys. We are also told that she had been freed from seven demons, and by this is meant, not that she had been violently insane and had been restored to her right mind by the power of Jesus, but that she was a woman of great sin, and she was restored to her right mind by the power of Jesus. Another woman was Joanna, the wife of Chuzas, who was the steward, or manager, of the home of Herod Antipas. Mary, the sister of Lazarus, and many other women ministered unto them of their substance, gave their money for the food and other necessities of Jesus and his disciples. Throughout His ministry Jesus had not where to lay His head, but was dependent upon the hospitality and kindly ministry of friends and strangers.

The Parable Of The Sower, verses 4-8.—Within the view of Jesus as He spoke this Parable of the Sower was doubtless a sower at work in a corn field which descended to the water's edge. Dean Stanley describes such a field: "There was the trodden path-way running through the midst of it, with no fence or hedge to prevent the seed from falling here or there on either side of it or upon it; itself hard with the constant tramp of horse, foot and human feet. 'There was the good rich soil: there was the rocky ground of the hillside protruding here and there through the corn fields; there were the large bushes of thorn—the 'nabk,' that kind of which tradition says the crown of thorns was woven—springing up in the very midst of the waving wheat.'"

A sower was sowing seed, so runs this parable. He lived in a hamlet or village, as all the farmers do now in Palestine, and he went to his unfenced field afar off to sow his seed. Some of it fell on the beaten path which ran through the field and lay there on the hard surface till the birds devoured it. Some of the seed fell on the hillside where the underlying rock came very near the surface: the soil there was shallow and the warmth of the rock made the seed spring up quickly and look very promising, but the roots of the plant could not strike down deep and avoid the heat of the sun, and therefore the plants quickly withered away. Plants from the seed that fell where the roots of thorns were plentiful were overgrown and starved to death by the thorns. The seed that fell on good ground, where the soil was rich and deep and free from thorns, and yielded thirty and sixty and even a hundredfold. "He that hath ears to hear, let him hear"—thus Jesus ended His Parable.

Prosperous Newsdealers

Many newsdealers in London, England, are making from \$7,500 a year and more, according to Alexander MacLaren, secretary of the National Federation of Retail Newsagents and Stationers, who testified recently before the House of Commons Select Committee. He told of one street seller of newspapers and periodicals who is making \$15,000 a year, of another newsdealer whose profits total \$10,000, and several others with yearly incomes of \$12,500.

A TIMELY CHANGE

One of the most important changes effected in the school system in recent years is the consummation of a scheme of common leaving examinations for the Maritime Provinces and Newfoundland. After a series of conferences, sponsored in the first instance by the Carnegie Foundation, the various departments of education (with the exception of that of New Brunswick) and most of the educational institutions in the three provinces and Newfoundland have agreed to set up a common examination board for the purpose of conducting the examinations of Grades XI and XII and, in Nova Scotia temporarily, those of Grade X. When the Second Class license ceases to be granted, however, the Department of Education will no longer be interested in holding examinations for Grade X certificates. The essential changes from the former system of an external examining board are as follows:

1. The question papers will be set by small committees of educationists with the majority representation in each committee outside the universities. The final determination as to the fairness of the examination papers will lie with a board of review of five members.

2. The answer papers will be evaluated by large committees, in the composition of which the high school teachers will predominate. Due care will be taken to ensure equitable results. Ex.

The Canadian National Railways are advertising for tenders for the construction of a line of railway from a point on the Luscar Coal Branch, Alberta, to serve the Gebu coal mine. The new line will be approximately 3.5 miles in length and will be completed before September 15th of this year.

Local friends have received word from Donald McLellan, who left here a couple of weeks ago for New Westminster, where he will in future reside and where he hopes to regain his health. Since reaching the coast, however, his condition apparently has not improved and he will for a time be under very strict medical supervision.

The funeral of the late Mrs. J. W. Conklin, of the Conklin & Garrett shows, took place at Newburgh, N.Y., on Friday afternoon last. Deceased, mother of James W. (Pattie) and Frank R. Conklin was a well known and popular figure in the west, where Conklin & Garrett shows have travelled. She was with the shows in Blairmore last year.

For having in his motor truck liquor not purchased from the government vendor or from a druggist authorized to sell it John Morton, with a cargo of beer from Fernie, arrested by the A.P.F. at Coleman, was fined \$300 and costs, or three months in default. The beer, 44 sacks, approximately 88 dozen, the containers and the truck were ordered forfeited to His Majesty.—Lethbridge Herald.

Finding that the marriage of two Catholics by a Protestant minister is valid and binding, Judge Laevis, sitting in the court of sessions at Montreal, held that when Alphonse Simard, Three Rivers, Que., went through a second formality of marriage he committed bigamy, even though the first union had been dissolved by an ecclesiastical court. Simard was sentenced to 40 days in jail.

CONGRATULATIONS TO
BLAIRMORE SCHOOL

Following is a communication received last week by Principal McPherson, of the Blairmore high and public schools, which speaks volumes for the excellent work the present staff is accomplishing:

Department of National Defence,
Military District No. 13,
Southam Bldg., Calgary,
12th February, 1931.

The Principal,
Public School, Blairmore:
(Re Strathcona Trust Physical Training Shield No. 25.)

Dear Sir:

I am advised by the School Inspector that the above shield has been awarded to your school for the year 1930, and I would ask you to accept my congratulations.

The present holders of this shield have been instructed to forward same to you, and upon your receipt of same, I would ask you to sign and return certificate. If undue delay occurs, please advise.

The winning of this shield carries with it a scholarship of \$25.00, which has been awarded to Miss Sarah McVey, Blairmore, which award is subject to attendance at the Advanced P. T. Course (full time) held in July-August at the Summer School for Teachers, University of Alberta, the money being placed to the teacher's credit with the registrar of the school.

All those attending must be in possession of the Grade "B" Physical Training Certificate. Teachers qualifying at this course will be issued certificates by the Department of Education.

Full particulars are given in the Summer School pamphlet, which is issued by the Department of Education in the spring, and you are requested to send me your acceptance (or otherwise) of the above scholarship by the 15th May, 1931.

Yours truly,
L. W. McPherson, Major,
Secretary-Treasurer,
Local Committee Strathcona Trust.
P.S.—Congratulations are also in order to Miss McVey, who herself is a product of the local school.

LABOR FEDERATION
TO OFFER PRIZE

The Alberta Federation of Labor has offered two prizes for competition among students of Grades X, XI and XII, in Alberta high schools, for an essay on "The History, Aims and Accomplishments of the Trade Union Movement."

The following rules have been adopted: 1.—First prize will be \$50; second prize, \$25. 2.—Essays must be at least 1,500 words in length. 3.—Essays must be the work of the student. 4.—Judging will be on the basis of 65 per cent for material, and 35 per cent for English and composition. 5.—Essays must be received at the office of the secretary, Alberta Federation of Labor, 10010-102nd street, Edmonton, not later than May 15th.

The names of three judges, one of whom will be an official of the Alberta Federation of Labor, and the others, High School teachers, will be announced later.

Essays, or inquiries in connection with the competition, should be addressed to the secretary.

This week is being observed throughout the province as Alberta School Week, held under the auspices of the Alberta Teachers' Alliance, Inc., with the view of arousing greater interest and greater appreciation of the work and organization of schools, and to stimulate a spirit of co-operation in public, parents and school workers in the matter of education.

Pete McPherson at one time owned a Ford, and a friend remarked: "That's a good looking car, Pete. What is the most you ever got out of it?"

Pete: "Eight times in one mile."

A GREAT COMPANY'S
DIAMOND JUBILEE

Life assurance has now, apparently, reached such a point in public estimation and confidence that it seems comparatively immune from the ordinary vagaries and fluctuations of other lines of business. The Sun Life Assurance Company of Canada, whose report appears elsewhere in this issue, seems to enjoy this public confidence to an unusual degree, for it reports new policies written during the year to the net amount of over \$700,000,000, the largest in the company's history of sixty years.

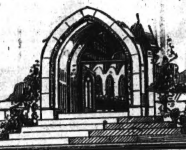

This year it celebrates its diamond jubilee. A graphic picture of its progress is shown in the report which discloses, decade by decade, its growth from assurances in force in 1880 of less than \$4,000,000 to over \$2,800,000,000 today; and of an accumulation of assets from less than \$500,000 in 1880 to nearly \$500,000,000 at the present time. Even more striking is the fact that the company has paid to policyholders and beneficiaries since its organization over half a billion dollars—more than its entire assurance in force only ten years ago. This is almost magical and helps to explain the widespread faith of ordinary men in life assurance from the standpoint of investment as well as of family protection.

A most interesting feature of the report relates to the company's investments. The Sun Life has long been

T. B. MACAULAY
President
Sun Life Assurance Co. of Canada

a consistent and successful investor in high grade stocks. These securities are valued on the last day of each year by the Canadian department of insurance on the basis of their market price on that day. Such a test this year, needless to say, was a most exacting one. Yet even at the abnormally low prices prevailing at the end of the year the company's common stock holdings, taken by themselves, showed a substantial excess over cost. Moreover, the actual cash dividends paid during 1930 on the total common stocks held by the company in the previous year were nearly \$1,000,000 in excess of the dividends paid on these identical shares in 1929. Such a satisfactory issue from the sharpest and severest market "break" in this generation is a wonderful vindication of the investment sagacity of the company. The rate of 6.44 per cent, earned on the mean invested assets of the company is a further proof of thrifty administration.

The company announced that the profits to policyholders entitled to participate during the ensuing year will be allotted on the same generous scale as has existed for some time, and that the special maturity dividend, which has been so popular will also be continued.

WHO'S WHO

Hon. Robert Weir

School teacher, farmer, soldier!

This is the record of the man who guides the destinies of Rural Canada as Minister of Agriculture in the present administration.

Hon. Robert Weir is also chairman of the National Committee of the World's Grain Exhibition and Conference to be held at Regina in 1932. Born in Huron County, Mr. Weir received his early education in the public schools of Ontario and after a course in the Clinton High School took Normal training and spent some time in the teaching profession.

During that time, and in order to finance a university course, he worked as a hired man on an eastern farm and also added to his finances and experiences by working in a Cockburn Island sawmill.

In 1911 he graduated with first class honors from the University of Toronto in mathematics, physics and actuarial science. When the war broke out Mr. Weir was teaching in the West at the Regina Collegiate Institute.

Wounded at Passchendaele, he returned to Canada and established his Hereford Park Farm of 1,000 acres near Weldon, Saskatchewan.

Mr. Weir cultivates about 700 acres of land and specializes in Hereford cattle and Percheron horses. In 1929 he won the gold medal at the Toronto Royal Fair for the best group of Percherons.

The Garden of Eden is to be found in Nova Scotia.

COWLEY HAPPENINGS

Cowley was well represented when several of the local citizens attended the whist drive at Lundbreck on Wednesday night, which was sponsored by the Roman Catholic church, from which Harold Cleland was lucky in bringing back the gent's first prize.

Miss Martha Tustian has returned home from a few weeks' visit in Calgary.

Neil Nicholson and William Cochran, of Calgary, have returned by motor from a visit of several days in this district.

Mrs. James Leigh, of Calgary, was a Saturday visitor to Cowley.

The Ladies' Bridge Club was entertained on Monday night by Mrs. Wilfrid Fortier at her home.

Mr. and Mrs. Anderson, of Lethbridge, were week end guests of Mr. and Mrs. Harold Cleland.

Mrs. Ralph Easterbrook and her brother, Frank Smith, motored down from Calgary to spend a few days with their parents here, Mr. and Mrs. E. Cowin.

After spending a few weeks at home here, Miss Bertha Kaye has returned to Blairmore.

Harry and Eddie Smyth were Friday visitors to Lethbridge.

On Friday afternoon a Valentine party was held in the junior room of the village school.

Florida Diamond has returned from an extended visit to Montreal. Harvey Bouthillier has also returned from the same city.

A badminton tournament was played between Cowley and Lundbreck on Thursday afternoon last at Cowley. The score ended 2-1 in Lundbreck's favor.

The many weeks of fine weather still continues, with only a slight chilliness at night. People here are already talking of farming, gardening and raising young chicks.

It might be of interest to the would-be goldseekers in the Livingstone valley to know that they may reach their objective by both auto and wagon road via Cowley.

The Todd Creek School, which has been closed for a few months, is now reopened with Miss J. Heibeln as teacher.

Quite an attendance from Cowley witnessed the Winnipeg-Blairmore hockey game at Blairmore on Monday night.

Mrs. Robert Littleton motored to Lethbridge, in company with Mr. and Mrs. Billie Ritson, for a few days' visit.

Mrs. Turner, of Calgary, and infant, are paying a few days' visit with Mrs. Turner's parents here, Mr. and Mrs. Arthur Brockwell.

Miss Ada Elton, of Calgary, is the guest of Mr. and Mrs. Cecil Elton and family.

Bill Waykin (Doughohor) has just completed a home-made electric plant, which he now uses to light his house with. As he used second-hand batteries and generator, which he procured at a garage, with a bit of raw material, coupled with ingenuity, the cost outlay was only very small.

The fan, which rests on a fourteen-foot pole, is four feet in diameter and runs with so little effort that there is scarcely a draft without sufficient breeze to starve it going. Several of the Doughohors and Hutterites in the district have similar plants, all of which, we understand, are operating satisfactorily.

The local Maasons held a social evening in their hall on Friday last, when seventy-five people were present. The early part of the evening was spent at cards. The lucky prize winners were as follows: Ladies' first, Mrs. M. A. Murphy; consolation, Mrs. Lawrence Cleland; gent's first, G. W. Penn; consolation, Wilfred Mundie.

After a final repast, which was served by the ladies, dancing was included in for a couple of hours. Among those present were: Mr. and Mrs. Malcolm McMillan, Mr. and Mrs. A. G. Swart, Mr. and Mrs. M. A. Murphy, Mr. and Mrs. Arthur Betts, Mr. and Mrs. Robert Littleton, Mr. Sandy Thompson, Mr. Fred Snyder, Mr. and Mrs. Bert Connelly, Mr. Bill Bennett,

Mr. and Mrs. C. H. Mundie, Mr. G. W. Penn, Mr. and Mrs. C. Swanson, Mr. Wilfred Welch, Mr. Harvey Welch, Mr. and Mrs. Harold Cleland, Mr. and Mrs. Wilfred Fortier, Mr. and Mrs. F. A. Tustian, Mrs. I. Christie, Mr. Dick Alexander, Miss Mary Kaye, Mr. Ben Kaye, Miss Aileen Cooper, Mr. and Mrs. H. C. Morrison, Misses Jess and Isobel Morrison, Mr. C. H. Hodler, Mr. M. H. Swanson, Mr. and Mrs. C. J. Bundy, Mr. C. Latta, Mr. and Mrs. S. Armstrong, Mr. T. H. Shepherd, Mr. and Mrs. A. J. Snyder, Mr. and Mrs. L. M. Cleland, Mr. C. E. Betts, Mr. and Mrs. Bill Tustian, Rev. Father O'Don, Mrs. George Porter, Misses Marjorie and Phyllis Porter, Messrs. Percy and Frank Bennett, Mr. Christenson, Mr. Jack Robinson, Mr. Norman McMillan, Mr. Wilfred Mundie, Mr. and Mrs. W. Elton, Mr. and Mrs. C. H. Fordyce and others.

UPHILL WANTS ROAD INTO FLATHEAD AREA

That southeastern British Columbia holds important possibilities as an oil area with oil seeping into surface pockets visible in the Flathead country, in the opinion of Thomas Uphill, M.L.A., of Fernie, who is urging the B.C. government to build a road south from Corbin into the Flathead. Lack

of highways is holding back development of the country, he told newspapermen in Victoria. The highway would be roughly 40 miles long and would cost \$60,000.

Oil companies have been prospecting in the territory for a number of years, but the cost to get modern machinery in is prohibitive owing to the inaccessible nature of the country.

Victoria capital is heavily invested in oil in the Crows' Nest country, and an American concern, the Crows' Nest Oil Company, has sunk wells there, Mr. Uphill states.

In view of the fact that Victoria capital is invested in the Dorr district, the member for Fernie is of the opinion that Victoria will give support in his efforts to get a road into the country south of Corbin.

HONOR IS GIVEN

LEWIS STOCKETT

Lewis Stockett, formerly general manager of the Mines Branch, Canadian Pacific Railway, has been appointed a member of the Legion of Honor, American Institute of Mining and Metallurgical Engineers, after having been a member of the Institute for the past 56 years, according to word received from New York Tuesday.

While born in the United States, Mr. Stockett resided in Canada from 1904 till 1929, and is well known to Calgarians, having been associated with the Bankhead mine, and later in the railway's offices as general manager of the Mines Branch.

Governments And The People

In times like the present governments as well as individuals are hard pressed to make ends meet and to secure the necessary revenues to carry on the public services. In some respects the problems which confront governments at such a time are even more difficult than those which face the individual. This, however, is something few people are prepared to admit. Inasmuch as government business is merely the business of all individual citizens, instead of one or two only, it is well that people generally should understand and so appreciate some of the difficulties which confront them in their collective capacity, federally and provincially, at the present time.

The old fallacy still seems to stick in the minds of many people that governments can always find money; that if more is needed at any time, or in any emergency, it can easily be obtained; that there is, indeed, no bottom to the public purse, no limit to a government's borrowing powers. And this misconception on the part of so many people lies at the root of many of our taxation problems.

When "hard times" come upon us, crops fail, business slacks, unemployment ensues, prices fall below costs of production, products cannot be sold at any price, people turn to governments to help them out—that is, if they would only realize it, they turn to themselves. But they seem to forget, or conveniently ignore the fact that their own loss of earning, consuming, and tax paying power immediately reacts upon their governments, depriving them of the revenues so essential to meet the increased demands the people would place upon them.

Government revenues drop because, through unemployment or inability to sell products at a profit, people are unable to pay taxes, and because, of necessity, they must consume less and make fewer purchases other sources of government income are dried up or greatly reduced. But it is at just such times when governments are least able to spend money—because they have not got it—people demand that they spend more money than before and thus provide work; they demand direct cash grants in relief to tide them over the hard times; in other words, they insist that governments shall help them out, ignoring the fact that collectively they are in the same position as they are individually—therefore, governments are in like difficulty to themselves.

Governments, of course, can borrow money—up to a certain limit. But every dollar borrowed mortgages the future. It must be repaid some time, or, in the alternative, interest must be paid for all time to come. Once interest payments are not made the source of future borrowings dries up. And every dollar required to pay interest, is a dollar less available for current government requirements.

Examine the present situation. Revenues of Provincial governments throughout Canada are falling. They have less money to spend, and greater demands upon them than ever before. From the Atlantic to the Pacific every Provincial Treasurer has the same story to tell, large deficits upon the year's operations. They must secure larger revenues or enormously decrease expenditures. Such revenues can only be obtained by increased taxation at a time when people cannot pay present taxes; decreased expenditures, except in some minor details, are impossible because the people insist on larger public expenditures, to offset the decline in private expenditures, and thus provide employment.

The Dominion Government is in exactly the same position, falling revenues, increased expenditures, large deficits. The Dominion is, therefore, looking for new sources of revenue to make ends meet, and at the same time the Provinces are calling upon the Dominion to relinquish to them certain of its present sources of revenue, asking the Dominion to pay their larger cash subsidies; asking them to take over certain services and responsibilities hitherto borne by the Provinces.

It is becoming increasingly necessary that "All" people should realize that whether a service is provided by the Dominion Government or by their Provincial Government; whether the taxes are levied and collected by the Dominion, or the Province, or the municipality; whether the money is borrowed by one government or another, they, the people, must do the paying. They must pay now or later. The more they borrow now, the more they have mortgaged their future, the more they will have to pay later, the heavier the handicap they have placed on a quick and permanent return to better times.

Beating this fundamental, inescapable truth in mind, people will be well advised not to rely too greatly upon governments in times of stress, but rather to go the link in endeavoring to meet their individual problems as individuals. It will be better for them, individually and collectively, in the long run.

Would Organize Commission

Suggests Farm Products Marketing Body To Assist Agricultural Credits Corporation

Organization of a farm products marketing commission as a corollary of the agricultural credits corporation recently proposed by E. W. Beatty, president of the Canadian Pacific Railway, was advocated by John M. Imrie, of Edmonton, in addressing the Empire Club at Toronto. The commission would be fast finding and advisory only, under Mr. Imrie's proposal. It would seek to co-ordinate production and marketing and to stimulate and support existing marketing services rather than to create any new marketing mechanism. It would endeavor to secure for Canada's farmers the largest possible proportion of their own domestic market, thus displacing substantial imports of secondary farm products from other countries. Outside of Canada it would seek to expand present markets, to find new ones, and to study requirements of both.

The commission would co-operate wholeheartedly with the Dominion Department of Trade and Commerce, the Canadian Trade Commissioner service, related transportation and financial interests, and the various trade channels through which the actual selling would continue to be done as at present.

Mr. Imrie, who was chairman of the Canadian Chamber of Commerce trade mission to the Orient, addressed his audience on "New Markets Across the Pacific."

Lynchings In U.S.

Figures Of Lynchings For Year 1930 Are Not Encouraging

Optimistic observers who thought a few years ago that lynching was about to die out in the United States gave a jolt to the 1930 figures. This American form of lawlessness. Twenty-five lynchings are recorded in the closing twelve months by the National Association for the Advancement of colored people in its annual survey of lynching. This compares with twelve in 1929, a jump of 100 per cent. This increase is bad enough, but when it is compared with the figures for twenty-five or thirty years ago, when lynchings ran as high as 255 in one year, it is still possible to credit ourselves with some progress along the road away from lawlessness.—Cleveland Plain Dealer.

British Settlers For B.C.

Report States People With Wealth Are Interested

More wealthy British people came to British Columbia in the last year to settle, through the agency of British Columbia House, London, England, than ever before, F. A. Pauline, retiring agent-general reports.

For the twelve months ending September 30 last, Mr. Pauline said 308 people left Britain for this province with a view to immediate settlement or in order to make a personal inspection with a view to settling, and all the people had capital. Their total capital amounted to 686,610 pounds apart from annual incomes, totalling 42,438 pounds.

Freight Rate Reduced On Shipments From Ranches To Food Factories

Railways have promised a 50 per cent. reduction in freight rates on cattle sent from ranches to food factories, declared Hon. Robert Weir, Minister of Agriculture, in an interview at Winnipeg. The Minister said he had secured this promise from the railways. When feeding is finished the cattle will be shipped on the direct export route from farms to the old country, he added.

By this means, tolls for commission and stockyard charges amounting to between \$17 and \$25 a carload will be saved," Mr. Weir said, the 50 per cent. reduction in the freight rates will effect a saving to cattlemen of \$50 a carload.

The Minister of Agriculture said that attempts had been going on for years to get the railways to extend to the layover on livestock

grazed from 24 hours to a maximum of six months for feeding purposes. There were many practical difficulties in the way, however, and it was felt that the best way to solve the problem was by reducing the freight rates.

Recipes For This Week

FRUIT OMELET

6 egg yolks.
 2 tablespoons sugar.
 ½ cup orange juice.
 6 egg whites.
 1 tablespoon butter.
 Orange marmalade.
 Beat egg yolks, adding sugar and fruit juice. Fold in stiffly beaten egg whites. Heat butter in omelet pan, pour in omelet mixture and cook slowly until firm, firm and a golden brown at bottom. Spread one-half thickly with marmalade, fold and serve.

MOCHA COOKIES

1 cup shortening.
 1 cup sugar.
 1 cup molasses.
 ¼ cup coffee.
 4½ cups flour.
 2 eggs.
 2 teaspoons soda.
 3 teaspoons cinnamon.
 1½ teaspoons ginger.
 1 teaspoon ground cloves.
 1 teaspoon salt.
 Cream shortening and sugar. Add well-beaten eggs, and coffee mixed with soda and molasses. Sift all spices with flour and add to mixture, making a stiff dough. Drop on cookie pan, a tablespoon for each cookie.

No Rest With Asthma. Asthma usually attacks at night, the asthma sufferer is unable to get any sleep, the loss of strength, the nervous debility, the loss of flesh and other evils which attend the expectant relief is secured. Fortunately relief is possible. Dr. J. D. Kellogg's Asthma Remedy has proved its merits through years of service. A trial will surely convince you.

Famous Old Inn

Historic Tam O'Shanter Inn at Ayr, Scotland, associated with Burns' immortal poem, is for sale. The Inn is one of the oldest licensed drinking places in Ayr, and is conspicuous in High Street for its thatched roof and a picture above the doorway representing Tam O'Shanter setting out on his famous ride which ended in an encounter with the witches at Alloway's "Auld Haunted Kirk." The city of Ayr may acquire the Inn as a public attraction.

The earliest complete clock of which an accurate record exists was made in the 13th century by a Saracen mechanic.

When You OVER-INDULGE

EVERY man, woman and child will find over-indulgence hard to suffer for your indiscretions. It's folly to do so when you can so easily sweeten and settle a sour upset stomach with a little Phillips' Milk of Magnesia.

Hearty eaters have long since learned the quick comfort this perfect all-around brings. Smokers know how it neutralizes nicotine; brings back a sweet taste; quells the breath. Women know what it does for nausea—or sick headaches. And when children have over-eaten—be bilious, constipated or otherwise upset—give them a little of the same, pleasant-tasting and milky-white Phillips' Milk of Magnesia.

You'll be through with crude methods once you learn the perfect way. Nothing else has the same quick, gentle effect. Doctors prescribe it for indigestion, nausea, heartburn, gas, sour stomach and headache. It has been standard with them for over 50 years.

Insist on genuine Phillips' Milk of Magnesia; a less perfect product may not act the same. The genuine is always a liquid—never in tablet form—and the name Phillips' is always on bottle and wrapper.

Fed. Army From Air

British Tested Plan Of Dropping Bombs By Parachute

The British army recently carried out a very successful test of feeding an army from the air. A column of 1,000 started out on a 150-mile march and all their rations were carried by air. Two stops for rations were made on route and each day 60 parachute-bombs were dropped, each weighing 120 pounds. Fourteen "Wasp" planes dropped four loads a day on a spot of ground marked out in the desert. On the first day 48 of the 56 loads were dropped in the marked circle. The second day all the loads were dropped as directed.

Heart and Nerves So Bad Was Unable To Sleep For Hours

Miss Theresa M. Harvey, Gallatin, Ont., writes: "I was tired, for almost a year, with my heart and nerves, especially on retiring at night when I would be unable to sleep for hours. I was so fatigued, and became very excitable and irritable. A friend recommended Milburn's Heart and Nerve Pills and after taking them a few weeks I could enjoy a good night's rest, and rapidly regained my former state of health."

LIBERAL PLAN IS ACCEPTED BY LABOR PARTY

London, England.—Across the floor of the House of Commons the government accepted Liberal plans for the alleviation of unemployment. They are the proposals outlined in the official Liberal motion, proposed by Sir Herbert Samuel, a motion which was at first rumored as being a motion of censure but later dwindled down to an invitation.

"This motion is not intended as censure," explained Sir Herbert, as with Mr. Lloyd George, his leader, seated at his immediate left, he moved the resolution.

"I support the invitation," Mr. MacDonald replied, "in the same spirit in which it is given."

The motion calls upon the government to formulate schemes of national employment in regional and town-planning, housing and slum clearance, extension of traffic facilities in the great cities, land settlement, afforestation, extension of docks and harbors improvement and the development of electricity and the telephone loan of which the interest and sinking would be met out of economies in national expenditure, out of the road fund and from taxation of land values.

Discussion revealed a Liberal-Labor agreement also over the solution of the unemployment problem. Prime Minister MacDonald said he had been under the impression that the idea was to float a huge development loan before the scheme was worked out. To that the government was opposed. But the government, the prime minister said, would easily agree to the present proposal as the various schemes become ready, which implies the raising of the loans.

Sir Herbert Samuel asserted that Britain had spent \$2,600,000,000 on unemployment in the last 10 years yet the country had not a mile of road or a single acre of woodland to show for it.

Prime Minister MacDonald did not agree the unemployment expenditure of the last decade had been without return. The country was not passing through a normal period of unemployment, an industrial revolution was in progress. Emigration had dwindled almost to nothing.

If emigration had continued at the normal rate within the last three or four years, instead of dropping lamentably, the unemployment totals would have been substantially reduced. Britain, through the unemployment crisis, had experienced less privation and less social disturbance than had other countries, and there was less public damage done.

Princes Cannot Attend Ship-Board Reception

Unable To Accept Invitation Of Canadian Trade Delegation

Montreal, Que.—The Prince of Wales and Prince George because their itinerary is complete will be unable to attend a ship-board reception which was to have been given in their honor by the Canadian trade delegation to the British Empire Trade Fair in Buenos Aires, according to word received here by the Canadian Chamber of Commerce.

The invitation, which was suggested by J. H. Woods, president of the Chamber of Commerce, was wireless to the Princes aboard the steamer "Orizaba" on which they are travelling to South America. In reply the Prince of Wales stated that as they had only two days in Buenos Aires, after opening the fair on March 14, they could not accept the invitation.

Edison Celebrates Birthday

Fort Myers, Fla.—Thomas A. Edison received the "happy birthday" greetings of the United States on Feb. 11. Celebrating his 84th anniversary at his winter home, he took time off from his rubber experiments to aid in a general observance of the event. Florida and the city of Fort Myers paid the snowy haired genius homage by dedicating a new \$500,000 bridge in his honor.

Wheat Exports About Doubled

The Cash Returns, However, Were \$1,300,000 Less

Ottawa, Ont.—Although Canada exported nearly twice as much wheat in January, 1931, than in the same month last year, the cash return was \$1,300,000 less. It was shown in a report issued recently by the Dominion Bureau of Statistics. Total exports in January last were 9,608,852 bushels, with a cash return of \$5,430,682. In the same month in 1930, the exports were 4,994,054 and the return \$6,768,033.

Exports of wheat flour during January were lower than in the corresponding month last year and the cash return likewise was smaller. A total of 392,256 barrels of flour was shipped out of the country during the month, selling for \$1,558,409. In the same month last year, the exports were 502,888 barrels with a cash return of \$3,069,168.

CONSERVATIVES WIN IN ONTARIO BY-ELECTIONS

Toronto, Ont.—After the warmest by-election campaign in connection with the Ontario legislature for many years, electors of Grenville and Hamilton West returned Conservative government candidates by greatly reduced majorities.

James E. Sanderson of Oxford Mills was elected in Grenville, and Alderman Argue Martin in Hamilton West. Both constituencies have been represented in the legislature by Conservatives for about 25 years. The vacancy in Grenville was caused by the resignation of Hon. G. Howard Ferguson, new Canadian high commissioner. West Hamilton was opened as the result of the death of Hon. Fred T. Smye.

Mr. Sanderson pulled up a majority of approximately 1,476 votes over his Liberal opponent, Percy Barnard. The vote was Sanderson, 4,761; Barnard, 3,285. In 1929, Mr. Ferguson carried the Grenville seat by a majority of slightly more than 2,000 votes.

Alderman Martin was victor by 384 votes over his Liberal opponent, Capt. Elmore Philpott. At the last general election in 1929, Hon. F. T. Smye, Conservative, was elected by a majority of 4,712 votes.

Hamilton, Ont.—Liberal forces in the West Hamilton by-election for the Ontario legislature were defeated after one of the bitterest fights in the history of the riding. Alderman Argue Martin, Conservative government candidate, was elected by a majority of 354 votes over his Liberal opponent, Captain Elmore Philpott.

The campaign in Hamilton attracted the attention of the entire province. Captain Philpott chose the administration of the attorney-general, Hon. W. H. Price, as the issue at stake and fought a slashing battle for election, backed by M. F. Heppburn, M.P., recently elected leader of the provincial Liberal party.

Lower left, is the Oak Bay Clubhouse, competition headquarters and extreme view of the course's oddity—the thirteen tee, equipped with a periscope to enable players to see over a ridge to the next green.

Deportations From Canada Discussed

Question Of Return Of English Born Citizens Before British House

London, England.—Question of the deportation of English-born citizens from Canada came up in the House of Commons, and Rt. Hon. J. H. Thomas, secretary of state for the Dominions, made it known that the government is considering the matter of making representations to the Dominion.

It was Major Leslie Horebela, Liberal member for Devonport, who raised the question in the Commons, citing the recent deportation of 107 British subjects on board the steamship "Ascania." Mr. Horebela asked that the secretary for the Dominions should represent to the Canadian government that "the deportation of persons who had not been guilty of crimes or any irregularity is hardly an indication of a spirit of Imperial unity."

Mr. Thomas replied that the enquiry in the "Ascania" case had shown that 96 of the deportees were public charges in Canada, nine had been convicted of various offenses, one was suffering from tuberculosis and the remaining case had not yet been settled. Five, he said, were Canadian-born children who, being of tender years, had accompanied their parents back to England.

Science Of Government

Believes Party System Is Sadly Out Of Tune With Present Times

Winnipeg, Man.—Parliamentary practice is falling behind an advancing world, believes J. W. Pratt, Independent for Birtle in the Manitoba legislature. "In the House, recently, he claimed no business or public utility would attempt to conduct its affairs as legislatures do. He labelled the party system undesirable and unnecessary, tending to decisions made other than on their merits.

Among the improvements suggested by the Birtle member were a fixed term of office provided by statute; an official Hansard for the Manitoba legislature; extension of proportional representation to certain rural districts and a time limit on speeches. Experts, he thought, might explore the science of government and recommend improvements in the present "antiquated system of doing business."

Sailing End Of March

Ottawa, Ont.—Tentative arrangements call for the sailing of the Earl of Beaulieu, Canada's New Governor-General, from Liverpool on March 27, on board the "Duchess of Bedford." It is understood that the official ceremony of reception will take place in the legislature buildings at Halifax on the landing of the successor to Earl Willington on April 4 or 5.

Boy Bandit Arrested

Fort Frances, Ont.—For 45 minutes 16-year-old Robert Kitzow possessed \$1,000, but now he is lodged in the town jail. Masked and alone the youngster stepped into the Dominion Bank here while most of the clerks were at noon-day lunch. Under the bandit's leveled revolver, the clerk handed out \$1,000 and the boy escaped, only to be arrested promptly on the outskirts of the town.

Soviet Blamed For Woes

Thinks Russia Is In A Large Measure Responsible For Depression

Montreal.—Recalling the apprehension of Rt. Hon. Winston Churchill over the Russian developments in 1910, Sir James Dunn, Canadian-born banker of London, England, declared here that Soviet influence was in a large measure responsible for the recent world-wide depression. Sir James arrived here recently from New York en route to his native town, Bathurst, N.B.

Two developments would serve in a great measure to restore stability in Europe, Sir James said, these being the collapse of the Soviet government and a moratorium on war debts. Questioned as to whether he believed the world depression had reached its peak, Sir James replied, "What a lot of money we'd make if we knew!" Nevertheless, he said, many of the best informed men he had met recently had shown themselves to be conservatively hopeful of a bettering of general business conditions before the year is over."

Convicts Recaptured

Dartmoor's Grim Record Of No Escapes Still Unbroken

Plymouth, England.—Dartmoor prison's grim record of not a single escape in its history still stands. John Gasken and John Mullins, two desperate men, who got away recently have been recaptured and sent back to their cells.

They had a long start, but little chance of winning their bid for freedom. The region in which the Dartmoor prison stands is one of the most forbidding in England, abounding in bottomless bogs. There is no potable water, and roads leading to the prison are always carefully guarded.

Amy Johnson Returns

London, England.—Buffeted by high winds after crossing the English channel, Miss Amy Johnson set her tiny aeroplane down at North London airport. The British aviatrix was returning from Hanover, Germany, after abandoning at Warsaw the proposed London-Peking flight she began recently. She may attempt the flight again in the spring.

Election Act Comes Before Manitoba House

Government Bill Entails Many Changes In Present Methods

Winnipeg, Man.—Terms of the new Manitoba Election Act, under which the government plans to hold the next election, were made known when the bill came before the legislature for second reading. New provisions call for permanent returning officers, a permanent registration system, stricter observance of candidate qualifications, and involve provision of new voters' lists.

Based largely on Dominion and Alberta election acts, the new act is aimed at alleviation of difficulties facing electors in listing their names, explained Hon. W. J. Major, attorney-general. If names were not on the list at the time of registration or revision, he said, provision was made for putting them on the list at election day; no votes should be lost.

Nomination day is to be 20 to 30 days from the date of issuance of writs, it was explained, and polling day the tenth day after nomination. Personal registration will be eliminated, and revision will be available by the returning officer, to be completed within two days. Not more than three deferred elections are permitted under the bill.

Rothwell Is Appointed Livestock Commissioner

Takes Over Position Formerly Held By H. S. Arkell

Ottawa, Ont.—George B. Rothwell has been appointed acting Dominion livestock commissioner from which position H. S. Arkell recently resigned to join the Canadian Co-operative Livestock Association. Mr. Rothwell has been for some years in charge of animal husbandry at the Central Experimental Farm here.

It is understood that Hon. Robert Weir, minister of agriculture, has under consideration a re-organization of the various branches of his department with somewhat changed alignments of duties and the appointment has been made temporary no doubt because a decision is pending as to whether such a reorganization be gone ahead with.

PARTY LEADERS WILL CONFER ON UNEMPLOYMENT

Edmonton, Alberta.—Party leaders in Alberta's legislature will confer shortly in the hope of reaching agreement upon the stand to be taken by the province in regard to unemployment and the allied matter of unemployment insurance. It was indicated recently.

The matter was raised in the legislature by presentation of a resolution, emanating from the labor ranks, endorsing the principle of unemployment insurance and calling for immediate action towards institution of some such scheme.

In the debate, which preceded tabling of the resolution, the Conservative leader, D. M. Dugan, expressed the opinion that unemployment insurance was primarily a federal responsibility.

Premier John E. Brownlee, taking part in debate for the first time since the session opened, indicated that his government shortly will introduce a measure which will spread the burden imposed by present unemployment conditions over a number of years. He suggested a conference of parties with regard to the situation.

Answering questions from W. R. Howson, Liberal, Edmonton, Premier Brownlee said he was hopeful that an unemployment conference will be called by the federal government, to be attended by representatives of the provincial governments, shortly.

Millions For Dole

Burden Carried By British Taxpayer Is Increasing

London, England.—The dole, it is officially estimated, will cost the British taxpayer between \$250,000,000 and \$275,000,000 "or even more" during the financial year opening April 1, next.

The figures are contained in a memorandum submitted by the British treasury to the royal commission on unemployment insurance. The memorandum draws attention pointedly to the gravity of the situation.

Contributions by the state dole fund, by 1933, have been the cause of borrowing from the treasury to the tune of \$550,000,000.

FIRST SESSION IN ONTARIO UNDER HENRY REGIME

Toronto, Ont.—Premier George S. Henry today made his bow to the Legislature of Ontario and as prime minister officiated at the formal opening of the Assembly for the first time. Hon. W. D. Ross, lieutenant-governor, presided over the ceremony and read the Speech from the Throne in which a forecast of the legislative program of the session was given.

Among the more important announcements in the speech are amendments to the Judicature Act to change the constitution of the Supreme Court of Ontario, improvements in methods of marketing farm products, compensation for blind workers, and consolidation and revision of all laws respecting hospitals.

In addition to being Mr. Henry's first opening as prime minister, the ceremony today was marked by the absence of former premier G. Howard Ferguson for the first time in 25 years.

The present session will go down in the chronicles of the province officially as the second session of the 15th Legislature. For practical purposes, however, it will be looked upon as the first session of the Henry regime, for in addition to a new premier, there are six new ministers in the cabinet since last session.

Advocates Free Port

Free Entry Of British Goods Through Hudson Bay Suggested As Cure For Troubles Of The West

Winnipeg, Man.—Best of all the suggested measures to lead Western Canada out of its economic difficulties was free entry of British goods through Churchill, Manitoba's Hudson Bay port, said A. J. M. Poole, government member for Beautiful Plains in the legislature recently. Other relief measures would not effect a permanent cure for the west's ills, he declared.

Mr. Poole forecast strenuous opposition in Eastern Canada to plans for making the D. I. free port of entry. He thought, however, that since the east was "so much in love with tariffs," they could erect a tariff wall east of the Head of the Lakes to keep out goods that would enter the west by way of Hudson Bay.

A farmer himself, the member for Beautiful Plains discussed the grain situation from the grower angle. With reference to diversified farming, which he said bankers, boards of trade and urban people suggested as a remedy, "without any appreciation of the difficulties involved," Mr. Poole thought it was worthy trying. "But it is not the real solution," he added. He urged that the Bennett government undertake construction of the Mackinac short-cut to the Hudson Bay Railway.

Wheat Surplus Still Heavy

But Poor Quality Of Foreign Supplies May Reduce Carry-Over

Washington, D.C.—Wheat surpluses available for export and carry-over in United States, Canada, Argentina and Australia—the four important non-European exporting countries—as at January 1 were estimated by the United States department of agriculture to have been more than 100,000,000 bushels in excess of those a year ago.

At the same time, United States wheat available for export and carry-over was placed at 231,000,000 bushels on January 1 as against 327,000,000 bushels a year ago. Surpluses in the Russian Basin of Europe are somewhat larger than a year ago. In addition the probability was expressed that Russia still has wheat for export.

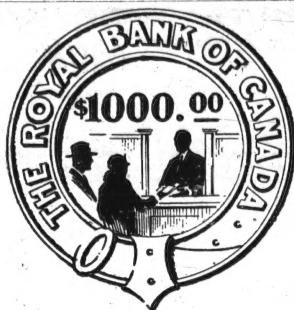

"However," the report said, "poor quality of some of the foreign supplies, together with the low returns obtainable for wheat may encourage domestic consumption beyond normal and correspondingly reduce their surplus."

Mine Disaster In China

Report Says Considerable Loss Of Life Was Feared

Peiping, China.—Chinese reports from Manchuria here, said that 3,000 miners were entombed in the Fushan mines by an underground explosion. A considerable loss of life was feared.

Rescue work was started immediately, but only a few persons could be taken from the shaft. Relatives of the entombed men gathered at the pithead, in their grief making a pitiful scene.

At a meeting of the Blairmore School Board on Friday night last, W. H. Chappell was re-elected chairman.

Mr. Hutton, of Bellevue, who has been very ill in a Calgary hospital for several weeks, was able to return to his home last week. Mr. Hutton is a brother-in-law of Mrs. D. A. Perry.—Strathmore Standard.

Last summer, as Charlie Sartoria was crossing the Atlantic on a great passenger liner, he set the skipper laughing when he asked: "Oh, captain, can you tell me what time the tide rises? I want to close my port-holes."

Nanton was definitely defeated at the local arena last night by the Blairmore squad, so that the latter have elected to play home-and-home with Okotoks in the intermediate semi-finals, the first game at Okotoks tomorrow night, Okotoks here on Monday night.

Members of the town council would ask that certain parties refrain from allowing refuse paper, etc., getting loose to the winds. Through very little effort, such material can be destroyed, if not in a furnace or stove, at least by means of a properly guarded outdoor fire.

J. W. Glenwright, managing director of the Commercial Life Assurance Company of Canada, was in town from Edmonton on Tuesday. Travelling by motor, Mr. Glenwright continued west as far as Fernie and Cranbrook. His company has recently issued a very encouraging report, showing substantial progress.

Blairmore defeated Nanton on their own ice on Friday night by a six-one score. Speaking of the game, the Nanton correspondent remarks: "Blairmore showed superior combination and a better finish in front of the goal. Makin, the Blairmore goalie, was in excellent form and revealed a skill that must have greatly pleased his team."

In our issue of February 5th, we published an item referring to the death of Mrs. Alma Servey at Bremerton, Washington. We since learn that Mrs. Servey was a sister of Mrs. Mark Drumm, former resident of Frank, now residing at Tujunga, California. Also surviving is a brother, Carl Stewart Chapman, of Bremerton.

An item, intended as a joke, contained in our last issue, was objected to by the local A. P. Police, because of the inference that a police car may have been travelling through our main street at sixty miles per hour. Unfortunately, this was an error on the part of our compositor, for the copy distinctly states fifty; and we were since informed by the police that they were on an urgent call.

The Winnipeg Cee Pee met the first defeat of their western tour at the hands of the Blairmore Bearcats, provincial champions, on Monday night before a record crowd of fans, who had come from all points between Calgary, Lethbridge and Cranbrook to see the tilt. The game was handled by Doc Barbour, and the final score was three-two. The Winnipeg boys were well received here and thoroughly enjoyed their stop-off in Blairmore. They expressed themselves as being more than surprised at the brand of hockey being put up here. Winnipeg won 1-0 from Nelson the following night.

Drumheller reports that butterflies were captured there last week.

James Bennett, of Cowley, was a guest over the week end of Mr. and Mrs. Evan Morgan here.

LET'S GO to the Hardtime Dance, Moose Hall, February 20th, auspices of local Rebekah Lodge, I.O.O.F. Drawing for bed spread will take place at this dance.

BASKETBALL TRIPLE-HEADER

An unusual treat is in store for lovers of basketball, when three games are to be played at the local Columbus Club (former Blairmore Opera house) on Saturday night.

The first game will start at 8 sharp. The competing teams will be Natal United versus Fincher High School, Fincher High School versus Natal High School Girls, and Natal United versus Blairmore Columbus Club. Buy a tag and help boost basketball.

ANNUAL MEETING OF FRANK RATEPAYERS

The annual meeting of the rate-payers of the Village of Frank was held on Monday night, and was as usual very poorly attended, no doubt this time on account of the Winnipeg-Blairmore hockey game, as a large number of citizens attended the arena that night.

The chair was taken by Frank Weir, and the financial report was read and considered satisfactory, the village having a nice bank balance.

Nominations were called for to fill the vacancy caused through the expiration of Frank Ed's three-year term, resulting in Mr. Morawek being elected for three years.

CARD OF THANKS

Mr. and Mrs. George Brown desire through The Enterprise to thank all those who through flowers or otherwise expressed sympathy with them in their sudden sad bereavement. They would also thank the many who loaned cars for the funeral, D. Oliver for truck, as well as Dr. Stewart and Nurse Neuman for their untiring aid rendered.

IN MEMORIAM

In loving memory of our dear husband and father, Enrico Joseph Pozzi, who died February the 20th, 1930, aged fifty years.

Ever remembered by his wife, sons and daughters.

IN MEMORIAM

In Loving Memory of darling Eleanor Olson, who went to sleep on February 23rd, 1930, aged 12 years, 4 months.

Never shall you be forgotten, Never shall your memory fade, Sweet thoughts shall always linger, Around the grave where you are laid, And when the shadows of night are falling, And we are all alone, There comes a thought, dear Eleanor, If you could just come home, Ever remembered by Mamma, Daddy, Bert and Cecil.
